PROFILE

Full-Stack Developer with 3+ years of experience specializing in mobile apps and web systems using React, React Native, Firebase, and Node.js. Delivered 12+ end-to-end projects for clients, combining clean UI design with scalable backend solutions.

WORK EXPERIENCE

FreeInvoice – Invoice Maker   AUG, 2024- DEC, 2024

- Developed a professional invoicing mobile app for freelancers and small businesses using React Native, Firebase, and Stripe
- Implemented features such as custom logos, reusable client data, tax configurations, and in-app purchases for premium tools
- Integrated secure online payments with support for Visa, Mastercard, and Apple Pay via Stripe
- Added live chat functionality for real-time user support and communication
- Delivered a clean and intuitive UI using Figma-based design workflows
- **App Store link**

978Eats Network   DEC, 2023-OCT, 2024

- Designed and developed an end-to-end food delivery system with Customer, Restaurant, and Driver mobile apps using React Native
- Built a web-based admin dashboard with role-based access (Super Admin, Dispatcher, Manager) using React.js
- Implemented real-time order tracking, driver assignment, and status updates via Socket.IO
- Integrated third-party services including Stripe for payments, Dwolla for payouts, DoorDash for external delivery, and Twilio for messaging
- Developed a scalable Node.js backend with MongoDB, JWT auth, and REST/WebSocket APIs
- Managed the entire platform independently, from UI design in Figma to full-stack deployment
- **App Store Link**

Marketica – Global Charity Directory   OCT, 2023-NOV, 2023

- Created a web platform to connect users with verified charities across the globe using React.js and Node.js
- Implemented search and filter functionality based on country, continent, and keywords
- Built a registration form to allow charities to join the platform and expand their reach
- Designed responsive layouts using HTML, CSS, and integrated backend services with REST APIs
- Enabled users to discover, connect with, and donate to impactful organizations worldwide
- **Web Link**

EDUCATION

Bachelor of Science in Computer Science   2017-2021

COMSATS Institute of Information and Technology
